

Scott Cook

MS, CHSE, CHSOS

scottfcook@outlook.com · scottfcook.org · Maine

Healthcare simulation educator and program builder with two decades of experience spanning EMS education, community college leadership, and academic medical center simulation programs. A career focused on designing simulation labs and centers, developing curricula and staff, and advancing interprofessional education across healthcare and higher-education settings.

EDUCATION

Master of Science, Adult Learning and Higher Education

University of Southern Maine · Gorham, ME · 2012

Baccalaureate of Applied Science, minor in Behavioral Science

University of Maine at Augusta · Augusta, ME · 2007

Associate in Emergency Medicine / Paramedic

Kennebec Valley Community College · Fairfield, ME · 2002

PROFESSIONAL EXPERIENCE

Simulation Fidelity Specialist

University of New England · Portland, ME · January 2026 – Current

- Support faculty in simulation design and in achieving lab goals
- Provide team support throughout the simulation process

Simulation Operations Manager

University of Maine at Augusta · Augusta, ME (hybrid) · November 2024 – November 2025

- Supported faculty in developing simulations; designed programs and trained new simulation staff
- Created operational tools for data tracking and operationalized a new center and learning spaces

Training and Performance Specialist II

Boston Children's Hospital · Boston, MA (hybrid) · May 2024 – October 2024

- Initiated alignment of the Healthcare Simulation Standards of Best Practice with current work practices
- Supported the training and performance team with hospital-wide initiatives

Nursing Simulation Specialist

University of Maine at Augusta · Augusta, ME (hybrid) · February 2022 – May 2024

- Authored a grant for faculty development in simulation
- Established plans for multi-site simulation labs; supported faculty and students across sites
- Transitioned space into a fully functional learning environment

Adult Credential and Degree Completion Success Coach

University of Maine System Office · Statewide (remote) · April 2021 – February 2022

- Built relationships with adult learners returning to college
- Identified prospective students using Institutional Research retention data and outlined financial opportunities for returning students

Director of Simulation Facilities

University of Southern Maine · Portland, ME · May 2017 – April 2021

- Designed and developed the Boyne Family Advanced Simulation Center; managed operational budget
- Founded and chaired an Interprofessional Education (IPE) Committee; built IPE bridges across departments
- Planned lab and simulation activities with faculty; served on the Learning Resource Committee

Faculty and Department Chair

Southern Maine Community College · South Portland, ME · November 2010 – May 2017

- Taught in classroom, lab, and online environments; provided student advising
- Established CAAHEP accreditation and oversaw the adjunct instructor pool for the EMS program
- Increased program enrollment and use of simulation in teaching; planned course sequencing

Adjunct Faculty (varied semesters)

Southern Maine Community College · South Portland, ME · January 2006 – July 2026

- Taught Academic Recovery and College Success courses; supported development of new courses

Critical Care Paramedic (CCEMT-P, ret.) / Director of Education

Delta Ambulance · Waterville, ME · 1999 – 2011

- Provided direct patient care during transfers and emergency calls
- Developed educational partnerships with local hospitals and fire departments

CERTIFICATIONS

Certified Healthcare Simulation Educator (CHSE) · expires January 2027

Certified Healthcare Simulation Operations Specialist (CHSOS) · expires February 2027

PUBLICATION

Madden, M., Mace, K. L., & Cook, S. (2023). A Roadmap to Using Simulation-Enhanced Interprofessional Education to Incorporate Interprofessional Activities in Athletic Training Educational Programs. *Athletic Training Education Journal*, 18(4), 252–264. <https://doi.org/10.4085/1062-6050-088.22>

SELECTED ACHIEVEMENTS & GRANTS

- IMSH 2023 Prerecorded Hot Topic Presenter — “Simulation from Scratch: One AT Program’s Journey Integrating Simulation”
- Davis Educational Foundation Grant for Faculty Development — \$83,000 (UMA, 2022)
- Completed Center for Medical Simulation’s Healthcare Simulation Essentials 5-day course (2022)
- Designed and developed the Boyne Family Advanced Simulation Center (USM, 2020)
- Founding member, New England Healthcare Simulation Consortium (USM, 2019)
- Initial CAAHEP accreditation for the EMS Program (SMCC, 2012)
- Collaborated with MaineGeneral Medical Center on an AHA training satellite (SMCC, 2012)

PROFESSIONAL AFFILIATIONS

Society for Simulation in Healthcare (SSH) — Active Member · American Association for Adult and Continuing Education — Member · Council for Adult and Experiential Learning — Member · SimGHOSTS — Member

SKILLS & INTERESTS

Interests: Adult learning theory, higher education, student success, teaching, human interaction, system processes

Technical & Laboratory: Healthcare simulation hardware and software, medical knowledge, Microsoft Office, Mac applications, Zoom, Teams, Google Suite, Blackboard, Brightspace
